

EUROGLASS Glass Clamps

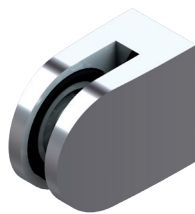

Euroglass have introduced a new contemporary series of stainless steel glass clamps. These are compatible with a range of glass sizes and applications, e.g. balustrades, glass screens, shelves and shopfront glazing.

The technical specifications include:

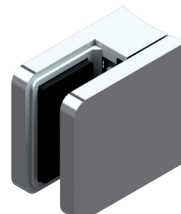

- Manufactured from 316 grade stainless steel, in polished or satin finish
- Round and square profiles to complement the architectural styling
- Available in either a flat back for fixing to square section and wall mounting, OR a round back to suit 50mm tubular posts
- Options to suit 6mm through 12mm glass thickness
- Supplied with rubber gasket inserts
